NEW COUNTY JAIL BIDS RECEIVED

The board of supervisors met in regular session Monday, June 5, there being present Jos. M. Francis, presiding, Jas T. Casey, Wm. H Brown, John MacBain and C. V. Thompson.

The minutes of the meeting of May 15th were read and approved.

Judge E. F. Fitzpatrick appeared before the board in behalf of Robert J. Smythe, whose application for a permit to conduct a liquor business at the old "Bungalow" corner in Millbrae, was before the members. A petition signed by Mrs. R. F. Smith and 54 other tax payers and citizens of Millbrae, had been filed with the supervisors at a previous meeting, protesting against the issuance of any more liquor licenses for saloons in Millbrae. These petitioners were represented at Monday's meeting by Mr. A. Campbell, who stated that conditions at the saloon in question had been for a long time deplorable, that the saloon had been a menace to the residents of Millbrae on account of its location and the class of people who patronized the place.

After hearing the arguments of the two representatives, Supervisor Casey moved that the application of Smyth's be denied, stating in so doing, that he desired to respect the wishes of the fifty-five Millbrae citizens whose names appeared on the petition above referred to. The motion was lost, however, because of the lack of a second. Further hearing in the matter was continued until the afternoon session, on motion of MacBain, seconded by Casey.

The report of County Horticultural Commissioner Newton Peck showed that he had inspected during the month of May 2353 trees, shrubs and plants, all of which passed as clean, also had issued certificates for 13 cars of potatoes which he had examined before their shipment to Portland, Oregon.

The report of County Librarian Miss Anne Bell Bailey showing an expenditure of $339.23 for the month of May, was received and ordered filed.

The following bids were opened and read for the construction of 0.626 miles of highway, being a portion of the Mission Road at Holy Cross cemetery:

Blanchard-Brown & Co.	$8844.00
Eaton & Smith	$9705.12
Peterson & Grier	$9532.20
Raisch Improvement Co.	$10,488.22
Ransome-Crummy Co.	$7930.22

Ransome-Crummy Co. being the lowest bidders, were awarded the contract, on motion of Casey, seconded by MacBain.

The following bids were opened for the construction of the new county jail and for the furnishing of cells for the new structure:

For County Jail.

W. D. Henderson	45,678
H. S. Williams	44,935
Lange r Bergstrom	47,926
Barrett & Hilp	49,990
Newson & Henning	44,819
E. L. Hanson	48,880
H. A. Klyce	49,525
James Furlong	48,400
Alfred Kohn	47,970
Elmer Carlson	46,810
Grace & Berneri	52,231

For Cells

Pauly Jail Co.,	23,587.00
M. G. West Co.	22,924.p5
Herman Safe Co.,	30,770.00

It was decided to postpone action on awarding the above contracts until the afternoon session.

Surveyor Neuman in a communication to the board stated that the cause of the depression in the county road near the Beeger tannery in Redwood City, was due to the settling of the fill made by the latter town previous to the construction of the road by the county. Two- 18-inch culverts installed to replace a 12-inch culvert were found to be in good condition, and the surveyor recommended that the portion of the pavement which had sunken be replaced. The report was accepted on motion of MacBain, seconded by Casey.

A communication was receivtd from Surveyor Neuman, stating that the following contracts were completed in accordance with the specifications and reccommended their acceptance.

Blanchard-Brown and Co., for macadamizing a portion of the Redwood City to San Gregorio road from Folgers place to Woodruff creek.

Lou G. Hare, for constructing that portion of the Pescadero to the Santa Cruz county line road from Pescadero to station 423x80.

The contracts were accepted on motion of MacBain, seconded by Thompson.

A communication was received from E. Ted Thompson of Redwood City, soliciting a portion of the fire insurance on the new county jail. The communication was ordered filed.

A communication from C. H. Morrison, secretary of the San Mateo Building Trades Council, requesting that all engineers employed at hoisting and portable work, be paid the union scale, $6 per day, while working for the county, was received and ordered filed.

A comuncation from John S. Chambers, State Controller, and addressed to County Auditor J. J. Shields, was read, asking the board to adopt resolutions—a copy of which was enclosed with the communication—protesting against the imposition of a Federal inheritance tax. The resolution stated that in the event of the enactment of the above inheritance tax law, the States, and particularly California, would suffer a grevious injury, in that its annual collection of about $3,000,000 from its own system of taxation would be greatly reduced.

The resolution was adopted.

INJURED WORKMAN WINS APPEALED DAMAGE SUIT

Judge Buck's Judgment Sustained by Court of Appeals

Frank H. Poor of South San Francisco recovered a verdict for $3,000 for injuries to his left hand before Judge Buck and a jury on October 9, 1913, against W. P. Fuller and Company, the large paint concern at South San Francisco.

John D. Willard of Redwood City and J. W. Colebred of South San Francisco were attorneys for the injured workman and Albert Raymond of the firm of Lilienthal, McKinstry and Raymond of San Francisco was attorney for the defendant.

After the plaintiff recovered judgment in the superior court of this county, the defendant appealed the case to the higher court on the grounds that numerous mistakes were made during the trial fo the case and on the further ground that Judge Buck should have granted the defendant a new trial.

The case was hotly contested and its trial consumed three days and over a dozen witnesses testified in the case.

The higher court in handing down its decision on June 5th, disposed of many interesting legal points and its opinion is, in part, as follows:

"This is an appeal by the defendant from a judgment in favor of plaintiff, and from an order denying a motion for a new trial, in an action for damages for personal injuries.

"The injuries to plaintiff for which damages are sought to be recovered were caused, it is alleged, by his being, through the negligence of the defendant, hit on the back of the left hand by a large box falling from a wooden chute which ran from the second to the first floor of defendant's warehouse, while the plaintiff was standing at the foot of the chute catching boxes as they descended thereon.

"There is no merit in the defendant's first point that the general demurrer to the first count should have been sustained for the reason that the complaint does not allege 'directly or by implication that the defendant, the employer, knew or ought to have known of the alleged defects.' The complaint, as we have seen, alleges that the defendant negligently and carelessly and without due care directed the plaintiff to work at a place or with an appliance which was not safe. The defendant could not have been negligent or careless in the respects indicated in the complaint unless it knew or, with the exercise of reasonable diligence should have known of the defects of the place assigned to the plaintiff to work.

"The plaintiff was also allowed over objection to testify that on a prior occasion the chute had shifted, and that about fifteen minutes after the accident he observed the legs of the chute to be in bad condition. Questions eliciting this testimony were objected to, but it is clear that evidence of the condition of the place where plaintiff was injured within a reasonable time before or after the accident is admissible for the purpose of showing its condition at the time of the injury.

"The court gave a number of instructions at the request of the plaintiff to the effect that it was the duty of the employer to furnish his place to work. and with reasonably suitable and safe structures and appliances with which to do the assigned work. As before intimated, we think that under the allegations of the complaint and under the evidence introduced, such instructions were properly given; and this is tacitly at least conceded by two instructions given at the request of the defendant. Upon the latter's request the court upon this subject also gave the following instruction: 'Under the pleadings in this case you cannot base your verdict in any degree upon any claim of plaintiff that the place in which he was working was unsafe or improper.' This instruction was erroneous, and was in conflict with other instructions on the same subject; but as it was given at the request of the defendant and was more favorable to it than it was entitled to have given, it would seem to follow that the defendant has no good ground of complaint.

"There are other assigned errors; but a careful examination of the record discloses that appellant's contentions with respect to them are without substantial merit, and that the case was fairly tried"

ANOTHER BEAUTIFUL HOME IN THE SELBY TRACT

A new country place is to be built at Atherton. It is to be located among the oaks of the Selby tract. Designs have been completed for this residence of Mr. Querola by Hodges and Mitchell. The owner has but recently arrived from South America and the San Francisco architects have produced a striking country place for him in the Spanish Renaissance. The lay out of the residence is most comprehensive. A striking entrance opens on to a large reception hall, with a library and an 18 by 30 foot living room all finished in hard wood. From the dining room there extends the service wing, with a completely fitted kitchen and servant's quarters. In the basement are found large store rooms and the steam heating plant which reaches all the rooms of the house. Perhaps one of the most pleasing features is the screened porch and open fireplace looking out upon a court.

The second floor comprises five chambers, with baths and closets and so forth. There are two large sleeping porches provided. The third floor is finished off to provide a spacious billiard room.

Altogether, the place promises to be ne of the most attractive homes on the peninsula with its plastered exterior and tiled roof. It will mark another handsome residence from the office of Hodges and Mitchell to be built in the vicinity. The plans will be out this coming week.

PALO ALTO WOMAN'S CLUB HOUSE SOON TO BE BUILT

After some years of preparatory work, the Palo Alto Woman's club has let the contract for a handsome club house after the plans of Hodges and Mitchell of Palo Alto and San Francisco. The architects have provided a remarkably complete home for the club at a low cost. The style is in the bungalow order, characterized by good proportions, long sloping roofs, many windows, and attractive pergola porches.

The architects have aimed to make a home-like design to harmonize with the surroundings, the club house site being located in the residential district on the corner of Homer avenue and Cowper street. The exterior finish is rustic and plaster, with shingled roofs. While the architectual firm was confronted with the difficult task in the provision calling for an assembly hall 33 by 80 feet over all, it has been made to harmonize with the rest of the structure; the barnlike appearance so frequently found under such circumstances has been done away with by the use of gabled roofs and lofty windows and English half-timbered work. The porte-cochere, entrance porch and pergola to the rear, with French windows opening from the dining room give the place the look of a home.

Within, spacious club quarters have been provided. Entering an eighteen foot square reception hall, access is had to assembly, dining, reception and hat and cloak rooms for men and women.

The Woman's Club brings a much needed gathering place to Palo Alto, the assembly hall seating approximately three hundred; the stage, equipped with a special lecturing platform and dressing rooms, is very large in comparison to the average, being 20 by 26 feet in dimensions. The dining room is thirty feet in length, having a fireplace and casement doors opening on to a porch and pergola. Close at hand for banquets and teas s a completely equipped eighteen foot kitchen. Hat and cloak rooms are provided for both men and women in the central position, with many conveniences. A large director's room completes the plan. It is located in a pleasant corner of the building to the front, with fireplace, window seats, bookcases, two how windows, and flower boxes to give a touch of color.

TOWN WATER BILLS MUST BE PAID

Trustees Invited to San Jose Celebration. Will Give an All-Night Dance.

Minor matters held the attention of the board of town trustees Monday night until long past midnight when they adjourned to met again June 12.

A number of requests for refunds on water bills which tenants had left for land lords to pay brought up the matter of the collection of water rates. As it is the intention of the town government to treat all people alike and yet protect owners of rented property from loss because of their responsibility for payment of water bills the board instructed city employees to strictly enforce the water ordinance. Bills are due the first of each month for the previous month and if not paid by the 20th of the succeeding month the service will be cut off.

The J. J. Schneer Company was granted fifteen days more time in the delivery of the new chemical fire truck setting the date of delivery at June 26. Edwin B. Fox, representative of the Fireman's Fund Insurance Company was given the insurance of the machine in the amount of $5,000, effective upon its delivery.

George H. Irving was present and addressed the board relative to a sign which he desires to place over the highway near Broadway. The sign as designed by Mr. Doxsee, the painter, will be 24 feet long by 4 feet wide, made of steel and supported by steel cables. It points the direction to Redwood City and to Redwood Highlands in an artistic manner. The sign would be a pleasing advertisement. The matter was left in the hands of Trustee Tuchsen.

In the discussion of a communication from the Bureau of Labor Statistics it was brought out that all contracts prepared by the City Attorney complied fully with the law in regard to having laborers work eight hours and be paid a minimum wage of $2 per day. A recent decision has made street work a public work.

John Dielman and others petitioned the board to have the sidewalk completed on Webster street between Fuller and Bradford streets. As the work has been ordered done some time ago, it was placed in the hands of the City Attorney to start proceedings if the work was not started within a reasonable time.

The George H. Irving Company in a letter commended the board for its plan of reducing the water rates on large amounts. Trustee Merrill, who has the water rate ordinance in hand, asked for further time to complete his survey of figures. By his plan the large consumer will pay the prevailing rate in a graduating scale until large amounts of water are consumed.

The California Roundup Association of San Jose were permitted to string a banner across the highway near Five Points. There invitation to attend the celebration was also received.

James Logan and Jos. A. Roza were granted a permit to hold an allnight dance.

Permission was granted the Pacific Gas and Electric Company to make two contacts on municipal poles on Juniper street near Roosevelt avenue.

Mike Divita, who purchased the saloon formerly conducted by John Anderson, was granted a permit to conduct the same place of business until July 1st. As a new application must be made before that date his bond was waived until a new license is granted.

The Southern Pacific Company was requested to reset all their culverts in their right-of-way through the city to conform with the street grades.

The matter of dividing the duties of of the superintendent of streets so that he might give the water and sewer systems more of his time and place his duties in the care of the streets into other hands was brought up by Trustee Tuchsen. Although no action was taken it was evident to all of the members of the board that the city would gain both financially and in service if Mr. Dickey were given charge of the water and sewer departments without the street work.

An elaborate itemized statement of the claims of the City Engineer was was filed with a statement of the total engineering cost for each piece of work under his charge. His claims to date aggregating $399 were passed.

The street superintendent was instructed to put that portion of El Camino Real, from Finger bridge to Rogers street in good condition. He was also granted a permit to move a building from Marshall and Hamilton street to Bradford and Warren streets.

Reports of city officials included the following collections: Water rates $1225.10; water connections $20; licenses $159; refund $51, plumbers' fees, $7.50; taxes, 552.50; street improvements $267.25; total $2282.35. The reports showed a balance of $1403.22 in the water fund and $3899.38 in the general fund.

MAYOR RALPH BUYS MORE LAND

Mayor James Rolph of San Francisco continues his purchases of Peninsula property. To his large holdings above Portola he has added this week 453 acres of land, a part of the old Martinez ranch, bought from Mr. Faber through the University Realty Company of Palo Alto. The land is choice acreage lying just in the foot hills above the Portola valley. Mr. Rolph only recently bought half of the Mendocia ranch in the Alpine district and this purchase with others makes his holdings in that section of the county very extensive, aggregating nearly p,000 acres. The popular mayor has 2,000 acres. The popular mayor has county and hence his large purchases.

DOMESTIC SCIENCE EXPERT TO LECTURE IN REDWOOD CITY

Five Days of Demonstration in the Art of Cooking in I. O. O. F. Building

Women of Redwood City generally are anticipating the visit here next week of Mrs. Norah B. Gardner, graduate of the Boston School of Cookery. For five days beginning Tuesday, June 13, she will give free lectures on domestic science and public cooking demonstrations at the Odd Fellows Hall. Mrs. Gardner's appearance in Redwood has been arranged by the Times-Gazette co-operating with the Sperry Flour Company of whose domestic science department Mrs. Gardner is the director. She was in charge of the grand prize exhibit of the Sperry Flour Company at the Panama Pacific Exposition and her cooking lectures and demonstrations there won for her the title of premier domestic scientist of the Exposition.

Many of the women who met Mrs. Gardner at the Exposition expressed a desire that she might visit this city and hold a cooking school. As similar expressions came from the women in other parts of the state the Sperry Flour Company decided that whenever possible it would lend Mrs. Gardner to the women wanting to know more of the common-sense principles of domestic science and good cooking.

When this newspaper learned that Mrs. Gardner's services might be obtained it at once began co-operating with the Sperry Flour Company with the result that for five afternoons next week Mrs. Gardner will give her cooking lectures and demonstrations free to all the women of the community. Every lecture will begin at 2:30 p. m. and the first will be on Tuesday.

Criminal Information Filed

De Guigne at San Mateo on May 5, will plead to the information filed against them on next Monday. Albert Mansfield will defend them. Allan Nichols and Henry Schloh, who entered the San Mateo high school on May 21 plead to the charge of larceny and will be sentenced on next Monday. James Maguire and John Langdon, who entered the home of F. H. Guntz at Menlo Park on May 11 will appear on Monday next to plead. The court appointed M. Brown to defend the prisoners. Noble Sund. who ran down a Chinaman on the highway on May 17 with his motorcycle and did not stop to ascertain the extent of the injuries of the man or who did not offer assistance, will appear on Monday to plead. The accused has employed F. A. Reynolds to defend him.

Attorney Said Too Much

M. B. Arthur, who was found guilty on a felony charge by a jury in the superior court last Tuesday, came up for sentence on Thursday and would have been let go on probation had not his attorney, Henry Marshall talked too much. Arthur some time ago while riding with a party of friends from San Francisco, ran down a man and woman near Daly City. The parties were not badly injured. However, Arthur did not stop to learn but continued on his journey. Attorney Marshall in his plea for mercy for his cliant stated that Arthur agreed to settle for $100 but the parties who were injuried demanded $25 more. Arthur could not raise the money. Here the court interrupted the attorney and said, "When I came into the court room I was prepared to admit defendant to probation but since he could not raise $25, I am inclined to doubt the honesty and good reputation of defendant and therefore will take the motion for probation under submission and will decide the matter on Monday next."

Opinion in Frances Howard Case

The petition of Miss Frances Howard to have the court vacate the order designating her as incompetent and placing her under the guardianship of her mother, Mrs. Anna D. Howard of Boston, was denied Tuesday by Superior Judge George H. Buck. The grounds upon which the petitioner attempted to nullify the order were that she was not in court when the order was made. The petition has been before the court for some time. The following is Judge Buck's opinion in full.

"This matter has been before this court on two different occasions. A few months ago the matter was submitted and thinking it would be better to give the petitioner herein another chance, I dsmissed the matter without prejudice. The matter was again brought up and it appears beyond question that service was made on the petitioner herein and that she refused to come into court or to appear in the matter and the court took the only course warranted by the evidence and for the good of the petitioner and appointed a guardian of her person and also a guardian of her estate. The petitioner now moves to vacate this last action taken by the court for reasons presented on the hearing. I see no good reason in law for so doing and I can see much injury to the petitioner if her request is granted. She is now getting the best of care and the proceedings will not be vacated."

BUCK, Judge
